NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The financial statements included herein have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been omitted. However, in the opinion of management, all adjustments (which include only normal recurring accruals) necessary to present fairly the financial position and results of operations for the periods presented have been made. The results for interim periods are not necessarily indicative of trends or of results to be expected for the full year. These financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's most recent report on Form 10-K.

BASIS OF PRESENTATION. The consolidated financial statements include the accounts of Century Financial Corporation and its subsidiaries. In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments necessary to present fairly the financial position, results of operations and cash flows for the periods presented. Certain financial statement items from the prior year may have been reclassified to be consistent with the current year financial statement presentation.

These consolidated financial statements should be read in conjunction with the consolidated financial statements and the related disclosures contained in the Company's Annual Report of Form 10-K for the year ended September 30, 1999, filed with the Securities and Exchange Commission. The results of operations for the three months ended June 30, 2000, are not necessarily indicative of the results to be expected for the full fiscal year.

1. CONDENSED FINANCIAL STATEMENTS. The unaudited condensed consolidated financial information contained in this report reflects all adjustments (consisting of normal recurring accruals) considered necessary, in the opinion of management, for a fair presentation of results for the interim periods presented. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted.

2. STOCK OPTION PLANS. None outstanding.

3. PREFERRED STOCK. The Company has one class of preferred stock. 5,000,000 shares of .05000 par value preferred stock remaining authorized but unissued.

4. WARRANTS. None

7

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following selected data of the Company is qualified by reference to and should be read in conjunction with the consolidated financial statements, including any notes thereto, and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included elsewhere in this report.

RESULTS OF OPERATIONS. Comparison of three-month periods ended June 30, 2000 and 1999 are contained herein. Revenues for the third quarter of the fiscal year of \$146,989.00 are substantially lower than of \$530,938.00 of the prior year. Three month comparative figures reflect lower revenues due to the delayed start up of medical equipment sales deliveries both domestically and internationally. Release from the Chapter 11 Bankruptcy proceedings has allowed the Company to seek new sources of revenue and acquisitions that are expected to build the capital base, revenues, and profits. The operating expenses of \$75,204.00 were normal business expenses. Expenses for the 2000 period as compared with those of 1999 increased substantially as the medical equipment subsidiary increased local and export sales.

This Form 10-Q includes "forward looking statements" concerning the future operations of the Company. It is management's intent to take advantage of the "safe harbor" provision of the Private Securities Litigation Reform Act of 1995. This statement is for the express purpose of availing the Company of the protections of such safe harbor with respect to all "forward looking statements" contained in this Form 10-Q. We have used "forward looking statements" to

discuss future plans and strategies of the Company. Management's ability to predict results or the effect of future plans is inherently uncertain. Factors that could effect results include, without limitation, competitive factors, general economic conditions, customer relations, relationships with vendors, the interest rate environment, governmental regulation and supervision, seasonality, distribution networks, product introductions, acceptance, technological change, changes in industry practices and one-time events. These factors should be considered when evaluating the "forward looking statements" and undue reliance should not be placed on such statements. Should any one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those described herein.

LIQUIDITY AND CAPITAL RESOURCES. The Corporation has remained current in its payable accounts during this period and the event of profitable operations in the medical equipment has allowed a modest build-up of cash and inventory.
